

# VJIM

AN INNOVATION DRIVEN B-SCHOOL

## MASTER TEACHER PROGRAMME

### Overview

Effective teachers appear again and again to display certain characteristics, while ineffective teachers tend to make the same mistakes repeatedly. It is important to motivate teachers to like-minded professionals. It is also important to give the teachers the methods, and skills that drive student achievement, success and satisfaction.

### Objectives

The programme aims at training the participants in the art and science of effective teaching and classroom management. It will guide the participants to use powerful student-centered, active-learning approaches to teaching.

## Learning Outcomes

This programme will provide training in innovative tools and technologies for managing interactive classes. At the end of the programme, the participants will be able to understand what it takes to design a compelling learning experience for students and appreciate the relevance of different student learning styles.

The programme will help improve teaching effectiveness and student learning.

## Who should attend the programme

Faculty of undergraduate and PG colleges

### Duration and Registration Fee

This workshop is designed for 3 days and the fee is as follows:

- a) For faculty members: Rs. 5000/-
