

## FDP on Designing, Developing and Delivering Online / Blended Learning Courses

### About the FDP:

The outbreak of COVID-19 has resulted in a paradigm shift in education throughout the world and India in particular. Online/ Blended Teaching-Learning has become a need of the hour to sustain our education system. In this FDP, VJIM intends to impart knowledge on Designing and Developing Blended courses and deliver the same online. Many describe blended learning as a hybrid of classroom and online learning that includes some of the convenience of online courses without the loss of face-to-face advantages. It has transformed the classroom experience and redistributed control between the learner and instructor.

### Programme Objectives:

1. To create a truly integrated classroom where the needs of all types of learners can be met.
2. To understand what information should be included in the blended learning course.
3. To learn about instructional design models and instructional tools to deliver new knowledge and information.

### Resource Person

Prof. K. Srinivas Head of ICT & Project Management Unit of National Institute of Educational Planning and Administration (NIEPA) a Government of India, Ministry of Education (MoE) Institution in New Delhi
