

# FDP on Systematic Literature Review and Bibliometric Analysis

## About the FDP:

The Systematic Literature Review and Bibliometric Analysis are among the most talked and researched topics, now a days. Bibliometric studies organize representative summaries of the existing literature to examine and categorize bibliographic content. The FDP aims to acclimatize the participants with the concepts of SLR (Systematic Literature Review) and Bibliometric Analysis.

## Programme Objectives:

- 1 Will be able to apply various techniques of SLR and Bibliometric Analysis across various research domains.
- 2 Shall gain hands-on experience in writing and publishing research papers on Systematic Literature Review and Bibliometric Analysis.
